

AQUATUNE ⚙️

MORE THAN 15 YEARS OF INDUSTRY EXPERIENCE

About Us

AQUATUNE is a Lebanese company specializing in the supply of integrated water treatment solutions, swimming pools and solar panels.

Founded by a seasoned professional who enjoys more than 15 years of industry experience, AQUATUNE commits to providing premium quality services and products to its corporate and residential clients across the Lebanese territory.

ABOUT

Our brand promise “PEEC”, revolves around 4 core values, namely:

Professionalism

We deliver our services in a highly professional manner by constantly focusing on achieving results punctually and accurately.

Excellence

Our competitive prices and the impeccable quality of our products, as well as to our professional and qualified team, create a culture of excellence that we are keen on sustaining in the long run.

Expertise

Our qualified team members have long years of experience, each in his field of expertise, and they continuously seek to remain in the loop of the latest worldwide water treatment technologies and equipment from around the world.

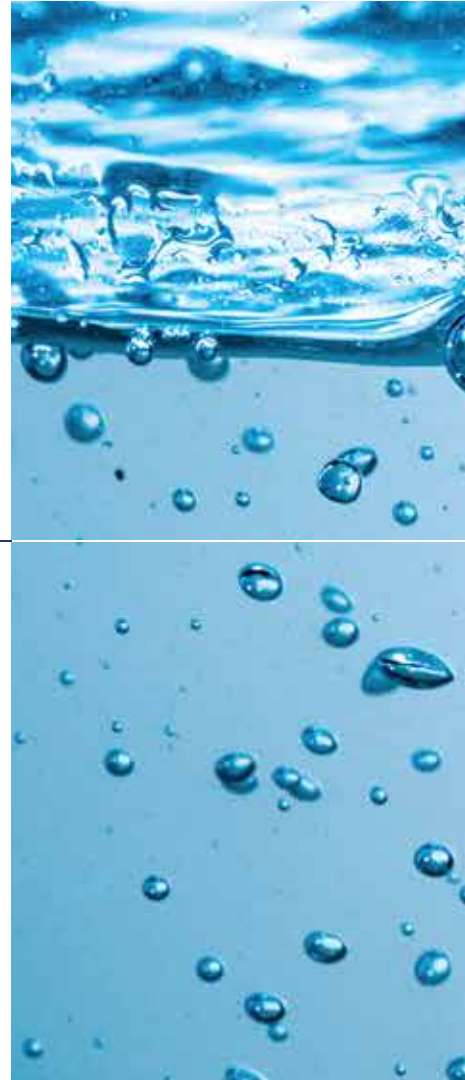

Customer Satisfaction

At AQUATUNE, customer satisfaction is of the utmost importance. We make sure to exceed our clients expectations and put their safety and wellbeing at the forefront of our priorities.
